**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

My small, local internet company is the BEST. They are efficient, helpful and support our community.

In order for local businesses and jobs to survive we MUST make it possible for them to exist.

Our free enterprise system is based on allowing free market competition and to pass the petition to limit the competitive market goes against everything the founding fathers fought for.

I strongly oppose the US Telecom petition -- they are trying to corner the entire market for themselves and that is unfair to those of us who benefit from the services of a local internet provider.

I prefer to support and build my community rather than sending my money to a large national organization that doesn't offer the personalized service I get from my neighborhood provider.

Thank you very much for your kind attention.
